

Transport Quotes

The cost of transport will be based on distances travelled.

Accessible Transport Australia will work with individual participants, plan managers and support coordinators to ensure that your transport is accurately invoiced.

To receive a quote for transport, you can call us on 1800 634 787, or submit a "Request for Quote" via our website www.ndistransport.com.au

About Us

South West Community Transport has been providing accessible transport solutions to people with a disability since 1988. With the introduction of the NDIS in 2015, SWCT pioneered an NDIS branch, now operating as Accessible Transport Australia, to continue supporting people with disabilities, their families and carers, in maximising their independence and quality of life.

Accessible Transport Australia currently transports NDIS Participants Australia wide.

How to join?

Once registered with the NDIS, participants can contact Accessible Transport Australia by phone or via website to register for services.

One of our friendly NDIS Team members will work with each participant to ensure that a transport plan is in place to meet individual needs.

Accessing Services

Transport can be booked directly by calling us on 1800 634 787, or via our Online Booking Form on our website www.ndistransport.com.au.

Participants living outside of South West Community Transport's funded areas in South West Sydney will be assisted in booking their transport directly with their local taxi provider.

PROVIDER

Leading the way in accessible transport

Accessible Transport Australia strives to provide a professional and friendly door to door transport service.

All Accessible Transport Australia vehicles are fitted with the appropriate restraints to secure mobility devices, whether it be a wheelchair or an oxygen concentrator.

We have partnerships with local taxi operators, including 13 CABS, to assist in providing service, no matter the time of day or location.
